

ESB pilot mobility programme

ESB launched ESB eBikes, the first phase of its pilot mobility programme on 17 August

ESB eBikes

- A pilot eBike rental scheme
- 14 eHubs dotted around outskirts of the city
- 8 eBike charging stations at each eHub
- 112 bikes in total
- Partnered with Local Authorities and suppliers Bleeper, Moby and Duckt

ESB launches shared e-bike scheme across Dublin

Pilot project brings electric bike scheme to Dublin suburbs

Energy for generations

Ecar share proposition - how will it work?

Book

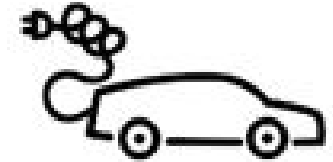

1

Sign up and book your ecar through the app

Drive

2

Pick up your ecar

Return

3

Return the car and plug back-in for next member

Repeat

4

Repeat the process when needed

- Community Based
- Club Membership

Proposed locations for sites

Phase 1

- Dublin
- Limerick
- Galway

Phase 2

- Waterford
- Kilkenny
- Cork
- Sligo
- Donegal

Partnership with Galway City and County Council

- Suitable site
- Close proximity to a community - local estates/apartments
- Safe and well lit
- Potential for hub extension in the future
- Technical suitability – distance to nearest metered connection, level of ground works etc.
- Shared learnings from the pilot
